Tanzanian Children with Rhino and Elephant Colouring Books

Hi everyone. My name is Rainbow.

I'm five years old and live in South Africa.

I know the story of Rhino and Elephant "Off by heart".

Rhino and Elephant taught me of the Special Functions of my Ears,

Nose, Mouth and my other openings.

No-one will ever touch me inappropriately.

No-one will ever groom me.

Eternal thanks to my Parents for teaching me this.
